

# I wish to become an author or a reviewer for the MCG-9 International Conference (I do not have an account right now). How do I do that?

1. I open in any browser the following address: [http://papers.mcg-9.net/index.php/mcg/mcg\\_2015/user/account](http://papers.mcg-9.net/index.php/mcg/mcg_2015/user/account) (click on the address or copy-paste it in the browser address bar). A page like the following figure will open:

The screenshot shows a web browser window with the URL [papers.mcg-9.net/index.php/mcg/mcg\\_2015/user/account](http://papers.mcg-9.net/index.php/mcg/mcg_2015/user/account). The page title is "IDEA Conferences". The navigation menu includes HOME, ABOUT, LOG IN, ACCOUNT, SEARCH, and CURRENT. The breadcrumb trail is: Home > The International Conference for Mathematical Creativity and Giftedness (MCG) > The 9th International Conference for Mathematical Creativity and Giftedness (MCG) 2015 > Account.

The main heading is "Account". Below it, there is a form for creating an account. The form includes the following fields and options:

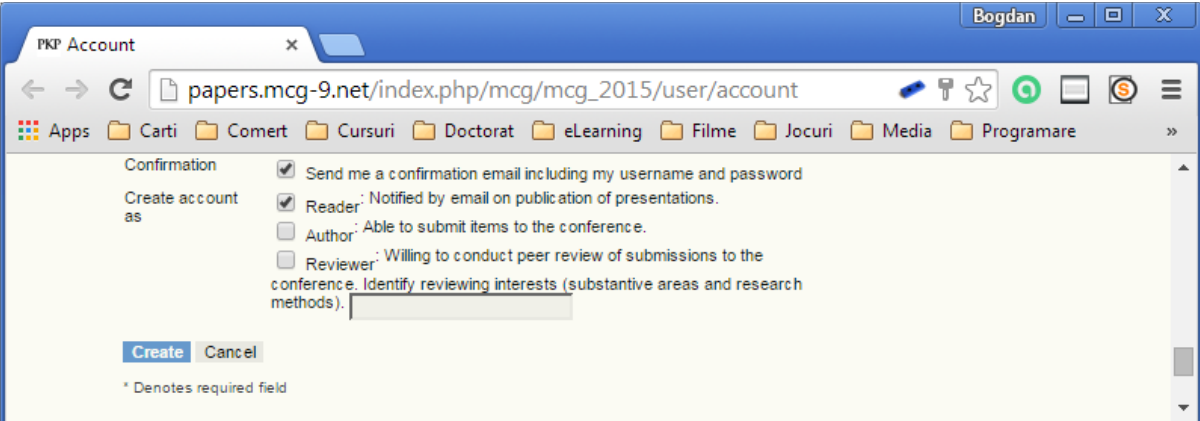

- Username\* (text input)
- Password\* (text input)
- Repeat password\* (text input)
- Salutation (text input)
- First name\* (text input)
- Middle name (text input)
- Last name\* (text input)
- Remember me
- 

There is also a "Profile" section with the following fields:

- Username\* (text input)
- Password\* (text input)
- Repeat password\* (text input)
- Salutation (text input)
- First name\* (text input)
- Middle name (text input)
- Last name\* (text input)

Additional information on the page includes "CONFERENCE CONTENT" with a search box and a dropdown menu, and "Browse" options: By Conference, By Author, and By Title.

2. In this page I type all the relevant information (at least the ones marked with \* are required).
3. At the end of the page I tick the **Author** check box if I want to submit a paper or **Reviewer** check box if I want to become a reviewer (I can do both if I wish so. Of course, I will not receive my own papers to review 😊). See the following figure:

The screenshot shows the "Confirmation" section of the account creation page. The "Create account as" section has three checkboxes:

- Reader: Notified by email on publication of presentations.
- Author: Able to submit items to the conference.
- Reviewer: Willing to conduct peer review of submissions to the conference. Identify reviewing interests (substantive areas and research methods).

Below the checkboxes are "Create" and "Cancel" buttons. A note at the bottom states: "\* Denotes required field".

4. I click on **Create** to create the account.
